	(full - day)	Joining Child Care Centre Subsidy Scheme	-
Providing occasional child care services	-	Providing extended hours services	-

Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>In line with the aims of ECE in Hong Kong, child development and their needs, a child-centred curriculum is planned. A loving environment and pleasant learning atmosphere is created based on the love of Jesus Christ. The Interactive and Integrated Approach is adopted for enlightenment. Through different learning areas (physical fitness and health, language, self and society, mathematics, arts and creativity, nature and living), a wide range of games and learning activities, the children attain all-round development in moral, intellectual, physical, social, aesthetic and spiritual aspects.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>1. Thematic Approach: The theme of life as the core of the curriculum, through the various areas of learning content, children learn through stories, visit activities, school lectures, family activities and interest activities. 2. Project Approach: The Project Approach involves children in studies of things nearby that interact them and are worth knowing more about. It can provide children with enriched learning experiences. Teachers can enhance the spirit of children to learn. 3. Story teaching programme: Through story telling, children will be able to enhance their learning ability, thinking ability and skills of communication. 4. Free play learning: During free play, children are able to explore their creative side as well as enhancing their ability to solve problems. 5. Holistic Innovative Education: Children through multiple senses and small group discussion to learn. We emphasis on children's high degree of participation in order to strengthen children's learning motivation. 6. Orff Music Teaching Method: The Orff Teaching Method is the teaching of various arts such as music, dance, drama and literature. Children involve in a musical atmosphere so as to stimulate their creativity. 7. Bilingual Language learning: The School has Foreign English teacher and Putonghua teacher. We provide a bilingual and multicultural learning language environment. The Integrative and Effective Approach can enhance the children's ability to learn Chinese Language. 8. Life Education Curriculum: Topics include self-discipline, thanksgiving, positive thinking, perseverance, love others. We want to build up children's good character.</p>	
Assessment of children's learning experiences	
<p>Ongoing observation, profile on the journey of learning for each student, record of children's progress of development, assessment of theme-based learning and assessment report on child development.</p>
