Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>We adopted various teaching approaches such as thematic, integrated and project approaches etc for children. For enriching their learning experience, we incorporate local historical cultural arts, environmental protection into our curriculum as well. Also It is based on their interests and living environment to develop their self-directed learning, self-confidence and problem solving skill, it progresses gradually according to their ability.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>To stimulate active learning in young children, activities such as visits, experiments, simulation games, and free play are encouraged. Children are encouraged to explore different corners and areas, and parents are invited to explore new things both inside and outside the community with their children. Cooperation activities with community groups, middle schools, and elementary schools are also carried out to enhance children's interest in learning.</p>	
Assessment of children's learning experiences	
<p>We do on-going assessment for each unit which is according to learning performance and need of each child. Also we do the child development record twice a term. We make appropriate adjustment in the lesson if there is Individual differences in children, also the individual counselling service is available.</p>
