Curriculum Details

Curriculum type : Local

Curriculum planning

By means of group discussion, imaginative games, games corners, multi-sense games, outdoor field studies to conform with children's learning interest thus to train up their learning interest and anxious learning spirit.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

By means of various languages activities to enrich children's language learning experience and uplift their listening, speaking, reading and writing abilities and set up good language awareness and learning attitude. Children will be provided with plentiful, interesting and diversify learning opportunities by using "Exploring" and "Games" strategy during classes.

Assessment of children's learning experiences

Our teachers assess each child's learning and development performance of the whole year through multi-angle observation, evaluation and evidence analysis. In order to reflect the uniqueness and development needs of each student in compiling a summative report to be distributed twice a year, and promote holistic development of children through individual talks with parents.

School Characteristics

School vision and mission

Invitational Education: Fostering keen sensory perception in children and spark creative potential. Attitude to learning: Fostering autonomous learning and enthusiasm. Intelligent Learning: Cultivating strong learning ability in language, numeracy, arts and fitness education. Interpersonal relationship: Cultivating good habits and social skills in children.

Support to students

Adequate activities will be planned to help the new entrants to adapt the school environment. Flexible class timetable for new entrants to adapt school life easily. Seminar will be held for parents to understand their children's learning. School social worker service is available for children in need.

Support to non-Chinese speaking (NCS) students

Create an enriched language environment for mastery of the Chinese language; create an inclusive learning environment to facilitate students' integration; collaborate with non-governmental organisations (NGOs) to create an inclusive learning environment; facilitate professional development for teachers to develop effective strategies to help NCS students learn Chinese; participate in school-based professional support programmes organised by EDB.

Support to students with special needs

Joining the On-site Pre-school Rehabilitation Services.
