Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>The design of our curriculum is mainly based on "Kindergarten Education Curriculum Guide" (2017) which is tailored to the development of children. We hope to encourage children to learn autonomously with diversified activities. We also provide quality Chinese language learning and English exposure for children. In addition, we promote STEM education to nurture children's innovative thinking.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>We adopt activity-based teaching method and project-based learning approach. With various learning methods, children are able to learn through play and take the initiative to explore and learn. Besides classroom activities, we arrange various community learning activities for our children like visiting and even travelling. Throughout these activities, children may increase their living experience.</p>	
Assessment of children's learning experiences	
<p>Assessments and observations are undergoing continuously in regular basis. Learning progress and children's work are documented in the form of portfolio for parents' easy access.</p>
