Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>The curriculum is aimed to foster children's development in physical fitness and health, language, early childhood mathematics, nature and living, self and society and arts and creativity based on the overall objective of pre-primary curriculum of Hong Kong and the school-based curriculum development.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>The curriculum is designed with our school mission as the [core] and theme-based approach as the [framework]. Through integrated courses, group discussions, sharing, learning corners and self-selected games, children are guided to develop multiple potentials, self-confidence, independence and self-directed learning. Specialists in Putonghua, native-speaking English Language teachers and computer professors are employed to provide complete learning experiences. Off-campus visits, community exchanges, excursions and other activities are organized for gaining first-hand experiences. On-site observation is also arranged to broaden children's scope of learning.</p>	
Assessment of children's learning experiences	
<p>Information about learning outcomes of students are collected in several ways: multiple assessment methods, student portfolios and academic reports.</p>
