Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>The love of Christ is at our core in the cultivation of children's personality development where they can grow in an atmosphere of love. Our curriculum is child-centred and extended from children's interests, where they can spontaneously engage inquiry-based learning in-depth under the guidance of teachers; a language-rich environment for flexible communication with others; a diverse and adjustable curriculum tailored to children needs and maximise their multiple Intelligences.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>We use Project approach as our main mode of instruction and relies on teachers' interaction with children for consolidation and flexible application of knowledge. Children are assisted by an independent and diversified learning environment where they can think from different perspectives and nurture spirit of exploration. Different visits or exchange activities are organised according to respective learning needs for children to master active learning, cultivate spirit of fraternity and interpersonal skills.</p>	
Assessment of children's learning experiences	
<p>Continuous assessment to evaluate each student's performance and observe their learning, with learning progress assessment released every two months.</p>
