Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>In order to promote development of multiple intelligences, we design the curriculum taking into consideration young children's characteristics, needs, abilities, interests and life experiences. Various activities in line with the curriculum's themes are also organized to create enjoyable environment for learning so as to promote holistic development.</p>	
<p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>child-centred learning mode designed to inspire and guide students in spiral themed group approach supported with group activities, specially designed activities and learning corner. Music, games, stories, physical training and multiple activities are provided to help children develop self-directed learning ability.</p>	
Assessment of children's learning experiences	
<p>Teachers mainly use the daily observation to understand children's learning progress children's progress, also enable parents to understand their children's performance at school.</p>	

School Characteristics	
School vision and mission	
<p>We emphasize the 'student-centred' and 'teach according to aptitude' approaches in line with the school operation principle of the Sik Sik Yuen. We endeavor to create enjoyable learning environment and adopt multiple child-centred teaching methods supported with qualified good teachers and sufficient supply of teaching equipment. Children gain knowledge in different areas through learning inside and outside the classroom and master social and interpersonal communication skills through group learning. Most of all, they are guided to develop the motive and ability of self-directed learning to grow healthily and happily to realize all-round balanced development.</p>
