Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Emphasizes the development of independence, self-discipline and self-confidence. In line with the concept of learning through play, we use play as our main teaching strategy. The curriculum is designed to develop students' character, creativity and language skills through the content of the stories that enhance students interest in learning through sensory exploration, learn to interact with people and objects, develop independence, self-discipline and self-confidence, and build a flexible and experimental learning attitude.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Through teacher-student interaction and game-based learning approach, children are guided to explore and experience personally, stimulate learning interest, learn and apply knowledge, and master reading, writing and mathematical skills. Site visits and community activity participation are also arranged for enriching life experiences, building up good personality and positive values.</p>	
Assessment of children's learning experiences	
<p>Continuous observation and assessment system has been established to provide children developmental assessments in various areas and promote holistic development in children mind and body.</p>
