School Characteristics	
School vision and mission	
We are determined to provide young children with a Christ-centred education. Let them imitate the humility, simplicity and trust in God as exemplified by our patron saint, St. Teresa of Lisieux, so that we may nurture them to be positive, happy and healthy as they grow up. Following Christ's example of love and service, we strive to actualize the core values of Catholic education. Through this, we nurture our young children by fostering positive values and an optimistic outlook on life, so that they may learn to be thankful in all things, persistent in prayer, willing to serve others, and jointly with their families, be prepared for a healthy and happy life.	
Support to students	
We arrange an orientation week for the children to gradually adapt to their new environment in school and build their confidence. For the differences in children's learning ability, our mode of teaching is flexible as to adapt to the needs of the children; with appropriate support and guidance provided for children and parents with individual needs.	
Support to non-Chinese speaking (NCS) students	
Received Grant for Support to NCS Students; create an enriched language environment for mastery of the Chinese language; create an inclusive learning environment to facilitate students' integration.
