Curriculum Details
Curriculum type : Local
Curriculum planning
We provide children with comprehensive and balanced curriculum to promote integral development of language & intelligence, physical & motor skills, emotional & social development, aesthetic sensitivity. The learning categories include Chinese, English, Putonghua, Math, Science, General Study, Art, Sports, Music, Dance and Drama. Our programs integrate artistic creation in language learning, encourage creativity & participation to cultivate children excellence in moral behavior and academic performance.
Learning / Teaching approach & activities
Children learn through different methodology: demonstration and presentation, exploration and understanding, reading and thinking, observation and practice, speaking and action, mutual imitation. Diversified classroom activities and interaction between students and teachers help motivate children's learning interests, understand knowledge, develop innovation, problem solving, social, emotional, self-learning and self-management skills.
Assessment of children's learning experiences
We evaluate students' academic and other skills at school through on-going observation, record and analysis. We adjust our curriculum accordingly so as to promote children's academic performance, physical and mental development. We set up "Children Learning Digital Portfolio System" to record students' performance at school so as parents know more about children's progress and help enhance their learning skills and overall development.

School Characteristics
School vision and mission
We value pre-primary education as our kindergarten is the start point for developing good qualities of children. Our experienced and caring professional teachers are committed to give children quality education and special care. We provide inspiring multi-talents curriculum and interactive learning environment, which lay a good foundation for children to cope with the challenges and needs in the future.
Support to students
We believe each child's unique potential and needs, we provide supports for students and parents including children's learning, emotional and whole-person developments especially support to children learning second languages.
Support to non-Chinese speaking (NCS) students
Appoint additional teaching staff / teaching assistants to support NCS students learning Chinese; arrange interpretation / translation services; engage NCS parent volunteers to enhance communication between school and parents; create an enriched language environment for mastery of the Chinese language; create an inclusive learning environment to facilitate students' integration; collaborate with non-governmental organisations (NGOs) to create an inclusive learning environment; facilitate professional development for teachers to develop effective strategies to help NCS students learn Chinese; Provide online learning resources.
Support to students with special needs
