Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Our curriculum is set according to the Education Bureau's Guide to Pre-primary Curriculum to cover the six learning areas. We are the first kindergarten to introduce two award-winning Korean curricula. Together with instructors of the Korean curricula, we construct and edit a curriculum framework and learning assessment that meet Hong Kong children's learning needs. Our main objective is to train up the generic skills of the talents needed internationally and locally in the 21st century, which include innovative thinking, mathematical logic, strategic thinking and problem-solving capabilities. Our curriculum matches children's need for whole person development and empathizes illiteracy and trilingualism . We provide 5 days of English time, English drama training (utilize drama for children to use English "naturally" and "boldly" in "meaningful" contexts, Putonghua classes (taught by teachers who have obtained the Level One certification of the Putonghua Proficiency Test), etc.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>By using the Picture Book Approach with games, exploring activities in groups, group discovery, experience sharing, and group discussions, children are able to observe more, think more, learn from others, and solve problems by themselves. By enriching their environment with learning corners, organizing different visits and talks, and promoting diverse teaching approaches, like the English Drama Team, Orff Schulwerk Music, Korean Gaming Education Tool, Korean Magnet Block Curriculum, etc. Children are able to stimulate their interests, enjoyment of school, and intrinsic learning motivation.</p>	
Assessment of children's learning experiences	
<p>We assess children's learning performance through continuous observation. We distribute children's learning assessment upon completion of a theme and we distribute the Child's Learning Portfolio at the end of every school term to help parents understand their children's overall development.</p>
