Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>The school design the curriculum and activities according to the children's development, interests and abilities. The school also emphasizes on children's personal experience, learning from games, inspiring children's learning interest and curiosity, and allowing children to develop their creativity We are using Cantonese as medium of instruction. To enhance children's "biliterate and trilingual abilities". There are English and Putonghua lessons every week to lay down foundation for their language development. Our school creates an English speaking environment in daily activities in order to motivate children's interest in English learning. Our school integrates the elements of "Performing Arts" int the school-based curriculum to enrich children's learning experience to explore children's potential. Based on children' developmental stages, we bring concepts of Ethics and Environment Awareness into daily lesson to cultivate children's positive values and attitudes.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Children learn to explore through theme-based approach, project approach, and group teaching and group and self-selected activities, Besides classroom activities, we also arrange various community learning activities for our children. For example, sightseeing, visit, and travel activities.</p>	
Assessment of children's learning experiences	
<p>Children's behavioral and learning performances are recorded and analyzed through ongoing observations. Children's works are collected for compilation for the 'profile on journey of learning' to understand children's progress and provide appropriate counseling.</p>
