Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>The child-centred approach is adopted. The curriculum is formulated according to children's physical and psychological development and in line with children's learning interest and needs. Self-directed learning is emphasized. The school curriculum includes the training of knowledge, skills and attitude. Various whole-language and stimulating activities are supported with diversified teaching approaches to promote learning and development of children so as to fulfil the objective of holistic development.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Student-centered approach is adopted. Based on the children's development in different ages and learning diversity, we provide a rich and diversified environment for children to explore. We pay attention to the concept of "Letting children learn through play and do". Our open and flexible school-based curriculum could cultivate children's Self-learning Motivation, Establish positive values and Attitudes and foster children's balanced development in their love for God and people. Native English teachers and professional Mandarin teachers teach children Bi-literacy and Tri-lingualism by organizing interactive games.</p>	
Assessment of children's learning experiences	
<p>We assess our children's learning and development through formative assessment. We provide personalized feedbacks to students and parents to promote learning and growth. Children's development are assessed in the following areas: Moral Development (Ethics), Cognitive and Language Development (Intellect), Physical Development (Physique), Affective & Social Development (Social Skills), Aesthetic Development (Aesthetics).</p>	

School Characteristics	
School vision and mission	
<p>Our church established the kindergarten to spread the gospel, to cultivate children to grow in faith. In the spirit of Christ, the kindergarten puts emphasis on ethical, intellectual, physical, social, aesthetic and spiritual education, to nurture children to attain all-around development in areas of Spirit, Intellect, Ethics and Physique, to cultivate good habits, to inspire learning interest and to lay the basis for pre-primary education.</p>	
Support to students	
<p>During the adaptation period, new students are accompanied by parents. Learning pace would be adjusted based on individual needs. We provide K3 students with primary school adaptation activities. Our school-based social worker also provide on-site training.</p>	
Support to non-Chinese speaking (NCS) students	
<p>Facilitate professional development for teachers to develop effective strategies to help NCS students learn Chinese; To enhance our ability of teaching non-chinese students, we receive professional training provided by EDB. Learning content is designed by our native English teacher and local English teachers.</p>	
Support to students with special needs	
<p>Joining the On-site Pre-school Rehabilitation Services. Our school joins the 'OPRS'; different therapists are arranged to give professional assistance and training to students in need. Our school-based social worker supports students with special needs and their families by seminars, counseling, social and emotional training.</p>	
Link with parents	
Parent-teacher association : No	
Other activities / communication with parents	
<p>We conduct home-school activities such as talks, workshops, Parents' Day, School Picnic and parent volunteer groups regularly, to enable parents to learn and understand children's learning progress.</p>
