Curriculum Details

Curriculum type : Local

Curriculum planning

An appropriate curriculum designed according to children's needs in development, abilities, interests and life experiences and promotes of the development of multiple intelligences. Various extra-curricular activities in line with themes of different modules are provided to let children learn in an enjoyable environment.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

A child-centred curriculum which emphasizes enlightening and guiding children to think. Theme-based approach, illustration book-based approach, explorative learning and topic studies are used to stimulate children's self-directed learning ability. Music, art, games and stories are used to guide children to learn the enjoyable way and foster balanced development in moral, intellectual, physical, communal, and artistic aspects

Assessment of children's learning experiences

Children are assessed through observation, theme based assessment and daily observations. Includes an overview of the child's works and photographic evidence. Teachers can assess the children ongoing development each semester. Learning Portfolio containing reports and photographs of children in various learning activities will be contributed.

School Characteristics

School vision and mission

We endeavor to create an enjoyable learning environment for children. Through various activities and learning approaches, they have the motive and ability of self-directed learning aroused and are guided towards balanced development so they grow up healthily and happily.
