Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Our curriculum is designed in accordance with the "Guidance to the Pre-primary Curriculum" issued by the Education Bureau and we adopt the child-centered approach, taking into account early childhood development, children's learning abilities, life experiences and interests. Through theme-based activities, the curriculum includes the six areas of learning covering "Physical Fitness and Health", "Language", "Early Childhood Mathematics", "Nature and Living", "Self and Society" and "Arts and Creativity". We aim to help children develop their potentials, enhance their learning interests and build self-confidence. We stress that children learn self-discipline and how to care for others. We nurture positive values and attitudes in our children and prepare children for life by laying sound foundation for future learning.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>
