Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>In accordance with children's ability and interest, we design a curriculum that progresses spirally. We use games to boost children's initiative to learn, to develop their multiple intelligences and to attain balanced development in the domains of ethics, intellect, physique, social skills, aesthetics and spiritual education.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>We adopt different teaching approaches including the thematic approach and the child-oriented approach, which are complemented with diversified activities and interactive learning. We discuss with children according to their interest. We strive to foster children's abilities to concentrate, to think independently, to remember, to create and to discern.</p>	
Assessment of children's learning experiences	
<p>There is on-going assessment for children's learning and physical and mental development. Through children's personal learning portfolio and the biannual Parents' Day, we let parents comprehend their children's balanced development in various aspects.</p>
