Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Our developmentally appropriate curriculum nurtures a loving heart, cultivates the mind, develops potentials and promotes creativity. Through joyful learning, specially designed curriculum in linguistic, STEM (science, technology, engineering, mathematics), art, music and physical activities, students are confident and proactive learners; ready for both local and international primary schools. In compliance with EdB's Pre-primary school's curriculum guideline (2017), our students will not be engaged in any writing activities in K1. Nor do we give excessive homework and repetitious exercises to our students.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Through "theme based" and "inquiry based" activities, students learn in small groups. Through interacting with caring teachers, students develop their linguistic, music, art and motor skills. Our "Free choice Learning Corners" and "Free Play Areas" give children ownership of their learning experience. It's a way for children to expand on what they are learning and explore their own interests. Supporting young children's autonomy has been found to have far-reaching positive effects on the child's development, including benefits to executive function, mastery-related behaviours and general socialisation.</p>	
Assessment of children's learning experiences	
<p>A student's portfolio is a record of students' involvement in learning which is designed to demonstrate success, growth, higher-order thinking, creativity, assessment strategies, and reflection. It provides a picture of each student's progress and development of knowledge, conceptual understanding, transdisciplinary skills, attitudes and the attributes of the learner profile over a period of time both as an individual learner and as group learners.</p>	

School Characteristics	
School vision and mission	
<p>Our mission is 'respect every child, nurture a loving heart, develop the potential and cultivate the mind'. To achieve these goals, School Management Committee provides a warm and stimulating learning environment staffed with professional teachers who love children and are passionate about education. Our teachers will implement the quality curriculum to help the children develop comprehensively with solid foundation and stimulate children's learning potential in order to prepare for the challenges of the future world.</p>	
Support to students	
<p>1) New students welcome week, forum for new parents 2) Seminars on child development for parents 3) Briefing and talk on primary school applications 4) Support for special need children, referral to appropriate agencies.</p>	
Support to non-Chinese speaking (NCS) students	
<p>Received Grant for Support to NCS Students; Creative Kindergarten is a local school with an international perspective. Chinese is our media of instruction. Many non-Chinese speaking children from different nations come to Creative to "learn Chinese" and the Chinese culture. We are well equipped with professional teachers to support the non-Chinese programme. The programme has proven to be very successful with all children excel in their learning social skills in a well-integrated environment.</p>
