Curriculum Details

Curriculum type : Local

Curriculum planning

Our school is a full-time kindergarten school. The curriculum design emphasizes "children-oriented". Through life-oriented topics and diverse game activities, we can connect what we have learned with life, and cooperate with the "Out of Campus" outings to induce children to learn independently. Motivation to enjoy learning.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

Our school is a full-time school. The students' learning schedule is mainly close to daily life and experience. Through learning in physical coordination, visual touch, spiritual care and life experience, they can integrate what they have learned into practice in life, such as holding different real situations Learning: Barbecue activities, snacks, scientific exploration, visits, etc., so that children can experience group life and master life skills, so that they can develop in a balanced way, and improve the attitude of independent self-study through multiple learning tasks.

Assessment of children's learning experiences

We build a portfolio for each student to record the development progress.
