Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Our overall curriculum design is child-centered which adjusts to their physical and mental development. Focusing on teacher-student interaction and personal experience to stimulate learning at early childhood, we employ NETs and Putonghua instructors to provide ample opportunities for bilingual interaction which enhance their biliteracy and trilingualism ability to promote all-round development of children.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Integrated activity-based teaching approach in conjunction with children daily experiences for enjoyed learning. Community and small group learning activities for children to learn cooperating with others from an early age; multiple learning areas is established to develop individual potential, active exploration and thinking skills in order to promote balanced development in knowledge, skills and attitudes. Strong focus on early childhood language development enabled by proprietary school-based curriculum which includes Pre-writing skills training course, Writing Learning Course and Phonological Awareness Training Course in order to achieve holistic development.</p>	
Assessment of children's learning experiences	
<p>1. Continuous assessment; 2. Assessment data supplied by teachers, parents and children themselves; 3. Early Childhood Development Portfolio provides a comprehensive, systematic recording and reporting on the development of young children.</p>
