Curriculum planning	
<p>Through careful observations, Montessori Guides will guide each child as he / she enters into various special developmental periods, and provide relevant materials that feed his / her interest. Each child will experience growth in different areas of learning at their own pace and has an individualized lesson plan that's developmentally appropriate.</p>	
Learning / Teaching approach & activities	
<p>Our Guidepost Montessori prepared environment is supportive and inclusive. Children choose their work and work independently, with partners or in small groups, learning to set goals, challenge themselves, and tackle complex problems. Each child practices leadership and responsibility, playing a role as a mentor to younger students, caring for the school environment, and engaging meaningfully to resolve classroom issues. We take full advantage of the Montessori three-hour work cycle, where children choose and organize their own work. Children come to create, understand, structure, and iterate their learning goals – to work both independently and collaboratively – and to persist in difficult thinking and creative work.</p>	
Assessment of children's learning experiences	
<p>Guidepost Montessori follow a rigorous child-centred educational program that aims to actively observe each child, listening and actively responding to their questions, interests and stories. Each child at Guidepost Montessori is immersed in a dual-language environment with both an English and Mandarin guide supporting them; assessment through observation.</p>	

School Characteristics	
School vision and mission	
<p>Journey to independence. The ultimate goal is authentic, holistic independence. This refers to the child's knowledge, confidence, creativity, and social ability in making his own goals and pursue them over time. These are the qualities of character and mind that add up, in the end, to a happy and fulfilling adult life. Throughout their journey at Guidepost Montessori, each child gains a piece of this puzzle. Guidepost Montessori programs are designed to support children in taking full advantage of the early years, laying the foundations for a future of limitless possibilities.</p>
