Curriculum Details

Curriculum type : Local

Curriculum planning

Curriculum arrangement corresponds with the children's development characteristics and needs. It covers different fields of study, and it enriches children's learning experience according to their ability.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

Design integrated curriculum, make the elements of language and music permeate all the learning activities, provide comprehensive and interesting learning experience for chidren. Make good use of community resources, and participate in community activities to support and broaden children's learning experience.

Assessment of children's learning experiences

Evaluate children's learning experience in the form of continuous observation, and record children's development in every aspect with different assessment tools, in order to establish Children Learning Portfolio, and to share regularly with parents.

School Characteristics

School vision and mission

The school is operated under the Hong Kong Society for the Protection of Children, our mission is to provide children with happy, caring, safe and diverse learning environment; to establish solid foundation for children's life-long learning; to inspire children's potential and holistic development. In addition, the schools provide support and partnership with parents, and to develop children's good habits & self learning.

Support to students

We provide adaptation programme for new admission, preparation programme for primary one admission & referral to relevant social services in cooperation with other community institutions. Our 'Educational Psychology and Developmental Support Services" formed by Education psychologist and social workers offer professional consultation, assessment, early identification, counseling and individual/group trainings services to children and parents.

Support to non-Chinese speaking (NCS) students

Received Grant for Support to NCS Students; create an inclusive learning environment to facilitate students' integration; participate in school-based professional support programmes organised by EDB.

Support to students with special needs

Joining the On-site Pre-school Rehabilitation Services. Integrated Programme in Kindergarten-cum-Child Care
