Curriculum planning	
<p>Our curriculum meets children's developmental characteristics and needs. It encompasses different learning areas to enrich children's learning experiences gradually from the easy to the more difficult.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>We design integrated curriculum where language plus elements of music, physical education and arts are incorporated into every learning activity. We provide children with comprehensive and interesting learning experiences. We also make good use of community resources and take part in community activities to support and enrich children's learning experiences.</p>	
Assessment of children's learning experiences
