Curriculum planning	
<p>Our curriculum is designed around children to cater to their development needs. To achieve balanced development, children learn a variety of topics that are planned around their real life experiences and interests through a diversified range of activities, including Enquiry-Based Science, Dramas, ORFF MUSIC, Affective Education, Creative Arts activities, etc. Children are also provided with Multi-Sensory training to encourage exploration and improve their ability of information processing and problem solving. Moreover, we regularly review the aptness of our curriculum.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>With emphasis on children's personal exploration and creativity, we organize children to go out of the classroom and participate in community activities such as visits. We adopt activity-based teaching, project-based learning, and individual and group learning approaches in class, and teach children music according to Orff Music Philosophy.
