Curriculum Details

Curriculum type : Local

Curriculum planning

The integrated curriculum is designed to be "child-oriented". Being hands-on experiences and play, we nurture children to have a thirst for knowledge and promote them into a holistic development. We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

1. According to children's lives experiences, we integrate theme base and project-approach methods to cultivate child's scientific thinking, problem solving ability and creativity. 2. Biliterate & Trilingual : To enrich language environment, English Native speaking teachers is interacting with children in their daily lives. By Shared-reading, "Involving Parents in Paired reading with Preschoolers" Scheme, Drama and Phonics, children can build up a good foundation in various languages. 3. Montessori methods, board games and sensory integration elements are being used to stimulate children's brain and physical development, so that logical thinking, mathematics, self-care and independent skills are cultivated. 4. Based on the Bible, with the "Spirituality Little Farmer" program, enable children to know more about the truth and practice the spirit of Christ in their lives.

Assessment of children's learning experiences

Continuous Assessment : 1. Theme based reports (after each theme project) 2. Progress assessment reports and observation records (2 times per year) - Those reports are given to the parents in "Teachers and Parents communication day"
