Religious and moral education, language education and the development of creative thinking are emphasized.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Individual, group and interactive team activities are organized. Integrated Curriculum and Whole Language Learning Approach are adopted. Children are encouraged to re-write stories and to create children rhymes which has laid down their good foundation of language. Shared Reading Approach and Phonemic Awareness are also adopted which has strengthened the children's English ability, including listening, speaking, reading and writing. In addition, the implementation of Free Play, Project Learning Approach and Situational Learning has nurtured the spontaneous learning and problem solving skills of children. Their creative thinking are also fostered. Through interesting drama activities, children's imagination and creativity can be inspired.</p>	
Assessment of children's learning experiences	
<p>Continuous assessment throughout the school year is adopted.
