<p>The Yew Chung kindergarten programme was established nine decades ago in Hong Kong, which is one of the top Hong Kong preschools and initiated many practices. Through worldwide education research, the programmes our highly experienced teaching staff bring today are progressive, up-to-date and very well balanced for our children of the future. YCIS believes every child is unique and should seek their personal journey to grow in the key areas of child development: emotional, personal and social; communication and literacy; numeracy, problem solving and reasoning; understanding knowledge of the world; physical development creative development. Also refer to our website - https://www.ycis-hk.com/en/academics/early-childhood</p>	
Learning / Teaching approach & activities	
<p>At YCIS, children are learning through play, discovering things and developing problem solving skills. Language, literacy, art and music are key features. Character formation and self-help skills development complete the programme. YCIS creates stimulating, play-based child-centred learning environments in a bilingual setting, English and Chinese, nurtured by our Co-Teachers. Early embracement of music features in our four year olds' violin programme. Co-Teachers build a portfolio per child to show their individual development path through open exploration.</p>
