Curriculum planning	
<p>* In line with the "Guide to the Pre-primary Curriculum", we have devised a suitable curriculum with a touch of religious education to nurture children's balanced development in moral, intellectual, physical, social, aesthetic and spiritual areas. * K.1 students learn no writing but focus on learning skills; K.3 students learn to writing simple vocabularies and K.3 students are taught to develop a love for writing. * Activities of varying depth are developed to take into account the learning needs of different children. * We teach the 4 grades in a spiral way to ensure their coherency with each other. * We also provide extracurricular interest classes to inspire children's multi-intelligence development.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>
