Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>According to the Education Bureau curriculum guidelines, in line with the development of children's ability and the balance of academic and non-academic development. It adopts the child-centred approach and is applied with collaboration of the families, school and society.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>Advocate a diversified learning model, and use the story as a learning medium, with "integrated teaching" supplemented by "topic studies" to cultivate children's self-learning ability through information collection, discussion, experiment, game, visit and report sharing. The development of bi-literacy and tri-lingualism is emphasized by training the abilities to listen, talk, read and write. Specialist and native-speaking teachers are employed to teach Putonghua and English language respectively.</p>	
Assessment of children's learning experiences	
<p>Through ongoing observation and record of the performance of children in daily learning, information provided by the parents and the collection of children's learning materials and works. After finishing the analysis to become a "profile on child's journey of learning" and a "development report" are prepared at the end of each semester. Appropriate guidance will be given based on the assessment of children's learning experiences and according to their development in all aspects.</p>
