	(full - day)	Joining Child Care Centre Subsidy Scheme	-
Providing occasional child care services	-	Providing extended hours services	-

Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>We offer an all round integrated learning programme for children. Children learn to think, create, observe, solve problems, ask questions, find answers and share results throughout the learning experience. Through the process, children also practise communication skills and learn to appreciate others. It helps them to cultivate confidence and a sense of responsibility, to prepare them for their future and lay a solid learning foundation for them.</p>	
Learning / Teaching approach & activities	
<p>We promote an integrated learning concept, based on Christian principles and pedagogy of Friedrich Froebel, that incorporates children's interests in order to develop the six learning domains. The spiral curriculum and learning activities implemented through free-play enhance interaction between children, adults and the environment. Through multiple learning games and activities, they can nurture a positive attitude towards exploration, thinking and asking questions, as well as the skills of learning and construction of knowledge.</p>	
Assessment of children's learning experiences	
<p>We use different assessment tools to evaluate the student's development and their needs in all areas of learning. At the end of each term, the school will distribute the 'Student Portfolio' giving parents considerable insight into their child's progress and performance in school.</p>	

School Characteristics	
School vision and mission	
<p>We adopt 'Light and Life' and 'All For One, One For All' as our school motto, and our commitment is to offer students a holistic education based upon Christian principles and nurture in them a positive outlook on life, so that they can be self-motivated, resolute, devoted to making valuable contributions to the community, and prepared for a sublime state of life.</p>	
Support to students	
<p>We offer transition weeks to help students adapt to kindergarten life as well as the Primary One Bridging Programme using the classrooms of MSCPS. The primary school and kindergarten teachers hold regular meetings to ensure students are prepared for their future primary school life.</p>	
Support to non-Chinese speaking (NCS) students	
<p>Appoint additional teaching staff / teaching assistants to support NCS students learning Chinese; arrange interpretation / translation services; engage NCS parent volunteers to enhance communication between school and parents; create an enriched language environment for mastery of the Chinese language; create an inclusive learning environment to facilitate students' integration; collaborate with non-governmental organisations (NGOs) to create an inclusive learning environment; facilitate professional development for teachers to develop effective strategies to help NCS students learn Chinese; participate in school-based professional support programmes organised by EDB.</p>	
Support to students with special needs	
<p>Joining the On-site Pre-school Rehabilitation Services. A Counselling Psychologist is recruited</p>	
Link with parents	
<p>Parent-teacher association : No</p>	
Other activities / communication with parents	
<p>We foster good communication with parents by organising seminars, parental participation scheme, parent group and parent-child activities such as picnic and sports day.</p>
