| Curriculum planning | |
| Woodland Pre-Schools respect the image of a child, and believe that each child deserves the best for them to grow socially, emotionally, physically and developmentally, to become great global citizens. By building the foundations of independent learning step by step, the Woodland Journey prepares children for a successful transition into primary school following the English Early Years Foundation Stage Curriculum with English, Mandarin and Bilingual options. | |
| Learning / Teaching approach & activities | |
| Woodland Pre-Schools' approach is to encourage children to learn through discovery, inspiring each child to fulfil their unique potential. Our play-based inquiry curriculum respects the image of the child and is beneficial for future studies as it places the child's questions, ideas, and observations at the centre of their learning experience. Children learn to be responsible for their own learning and build their knowledge through experience and exploration. | |
| Assessment of children's learning experiences | |
| We have two assessments per year, newsletters, and regular communication formally and informally with our Woodland community. Teachers use SWAY / Tapestry to share class information and child development information with families. | |

| School Characteristics | |
|--|--|
| School vision and mission | |
| Our mission is simple; we aim to fulfil every child's unique potential, we do this by following the simple ideal of nothing without joy. The Woodland approach inspires children to learn through discovery, to be collaborative and to make their own choices and decisions. Through our flexible and open-ended play-based classes, we strongly promote creativity and independence of thought; essential attributes for a child growing up in the modern world. Our children are confident, independent and have a love of learning the essential foundation on which their primary education can be based. | |
