Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Focusing on child-centredness, our curriculum places emphasis on developing children's knowledge, skills, values and attitudes. The curriculum involves six learning areas, providing all-rounded, balanced and appropriate education, while at the same time nurtures children's development in Moral, Cognitive and Language, Physical, Affective and Social, as well as Aesthetic. We aim to provide appropriate care to meet children's development on growth, ability, interest and experience. We respect the individuality of each child and will exercise flexibility in teaching. Special subject teachers will be arranged to hold activities on biliteracy and trilingualism.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>The focus is on daily-life oriented topics and interesting stories that stimulate children's problem-solving, exploration, and creative thinking. The learning content is enriched with picture books and diverse integrated activities designed to enhance the learning experience. Bilingual development is emphasized to improve language abilities through interactive methods. An online parent-child reading program has been established to provide guidance on recommended Chinese and English books for parents, cultivating a love for reading in children. The classrooms feature interest corners equipped with abundant teaching materials, where children engage in exploratory activities using their five senses, encourages children to be more proactive and self-motivated in learning through play, and combined with self-selected grouping method, cultivates children to become active learners.</p>	
Assessment of children's learning experiences	
<p>We adapt both formative and summative assessments, which include reports on knowledge, skills, values and attitudes. Through daily observation and different teaching themes, teachers can assess children's continuous development and will provide reports on picture book activities, behavioral observation and work analysis. Assessment reports that summarize children's overall learning development will be distributed twice a year. Learning Portfolio with all reports and photos of children in various learning activities will be distributed.</p>	

School Characteristics	
School vision and mission	
<p>We aim to provide all-round quality services and continuously strive to improve and maintain a high standard of service to both children and parents. Our overall objective is to nurture the children by employing whole-person development in the domains of "Moral", "Cognitive and Language", "Physical", "Affective and Social" as well as "Aesthetic". This will lay a solid foundation and prepare the children for lifelong learning.</p>	
Support to students	
<p>Teachers will observe children's behaviour regularly to offer help and care. Accommodation classes will be held for new students. Primary school visits will be arranged for children.</p>	
Support to non-Chinese speaking (NCS) students	
<p>Teachers will help NCS children in various ways to deepen their knowledge in social environment, facilities and local culture. We will design games to enhance their motivation on using Chinese language and to enforce their listening, speaking, reading and writing skills.</p>	
Support to students with special needs	
<p>Joining the On-site Pre-school Rehabilitation Services. We respect the diversity of children and by joining services to support children's learning and development. Qualified teachers will keep in touch with parents to care for children's health and growth.</p>	
Link with parents	
Parent-teacher association : No	
Other activities / communication with parents	
<p>Parents will better understand our mission through parent meetings, class observations and seminars. We will contact parents and collect their opinions by phone and interviews. Online communication will be used and will invite parents of alumni to join school activities to share their experience.</p>
